ABOUT JOURNAL

Journal of Scientometric Research (J. Scientometric Res.) is an internationally targeted official publication of Phcog.Net. It publishes peer-reviewed articles online in an open access format. It follows the double-blind peer-review process. The journal encourages both empirical and theoretical contributions that advance scientometric research and also reaches out to scholars of science and technology studies (STS), sociology, economics and other related fields that use scientometric data as the 'object of investigation' or apply scientometric analysis in innovation and STS studies.

SUBJECTS COVERED

- Scientometric data analysis
- Patent Studies
- Science and Technology Innovations
- Scientific Literatures
- Bibliometrics
- Infometrics
